## MID LAUNCH AND MID SPIN

<b>Company</b>	ALDILA <sup>®</sup>
<b>Product Type</b>	WOOD
<b>Series</b>	NV <sup>®</sup>
<b>Year</b>	2018

The ALDILA<sup>®</sup> NV<sup>®</sup> celebrates its 15th anniversary and remains one of the most successful golf shafts in history. To commemorate this milestone achievement, we've created a 15th Anniversary Limited Edition NV<sup>®</sup> – based off of the original NV<sup>®</sup> Green and VS Proto Blue profiles. The NV<sup>®</sup> Green and Blue 15th Anniversary Limited Edition profiles feature ALDILA's NexGen Micro Laminate Technology<sup>®</sup> (MLT) that enhances performance and feel through the use of ultra-thin layers of premium grade materials that eliminates “dead zones” that can be caused by voids between layers of prepreg.

The ALDILA<sup>®</sup> NV<sup>®</sup> Blue 15th Anniversary is a low torque, mid launch-mid spin shaft that is designed to complement the NV<sup>®</sup> Green 15th Anniversary profile and also comes in a premium ion plated finish.

**Technologies:** NexGen Micro-Laminate Technology<sup>®</sup> (MLT), Ion Plating
